

SHOE WORRIES

You never saw a CASH BUYER who worried every time he glanced at his feet about how he would meet that shoe bill! He knows that his shoes are paid for—that no one can present a bill to him at the end of the month and charge him \$1.10 (or more) for every dollar of shoe value. A charge account for shoes is not worth near as much as it costs you—the privilege rate is too high—the convenience too small.

DECEMBER 1ST

We are going to hand back to you a DIVIDEND on every purchase you make—the saving will be substantial—on some "pairs" as much as the cost of a pair of rubbers—on others the equivalent of 10 lbs. of sugar.

MAKE YOUR \$28 PER COVER YOUR \$30 NEEDS

Look over your last month's statement—the shoes for yourself and family—keep it until you buy your Christmas shoes—then figure the difference. Can you afford to pay \$2.25 for \$2.00 of shoe value plus "Charge Privilege?" or \$12 for \$10 worth—you would do well to borrow money at the bank at 8 per cent and pay your shoe bill if need be next month. Book-keeping—stamps—stationery—time—dead beat's accounts—all are unnecessary in buying shoes—yet you pay for them with the "Charge Account"—it's unwise. Make your \$28 per—cover your \$30 needs. Beginning December 1st—at Clark's.

Government Officials Hear News of Strike Recall By Miners.

ARBITRATE STRIKE

Labor Leaders Surprised at Decision From Indianapolis.

WASHINGTON, Nov. 11.—Government officials here received with undisguised relief news of the announcement in Indianapolis early today that the executives of the United Mine Workers of America had voted to call off the nationwide strike of soft coal miners as directed by Federal Judge Anderson. Just what the next move would be could only be conjectured early today. As late as last night Attorney General Palmer stated that President Wilson's offer for a peaceful settlement of the differences between the miners and operators still was open through negotiation or arbitration.

Whether the mine workers in reaching their decision had in view a request that the president name a board of arbitration, as he had suggested, was not known here, but it was believed such a suggestion would speedily come either from them or from the government.

Labor Leaders Surprised.
Labor leaders here who got their first word from Indianapolis through Associated Press dispatches were distinctly surprised by the turn of events. Frank Morrison, secretary of the American Federation of Labor, when told of the announcement by the leader of the miners' organization refused to say anything.

Edgar Wallace, legislative representative of the miners, who had been waiting for hours to hear what happened, likewise was silent and other officials at federation headquarters declined to comment on the settlement. Some officials said a statement might be issued later in the day by President Gompers, or the executive council of the American Federation of Labor.

There was much discussion among labor leaders as to how the miners might view the action of the Indianapolis conference in calling off the strike.

One of the spokesmen for the union said large numbers probably would go back to work today and stay out tomorrow, while many idle today would work tomorrow.

New Wage Agreement.
Mr. Wallace thought there would be no difficulty now in negotiating a new wage agreement with the operators.

There was no statement from the executive committee of the operators, it being explained at committee headquarters that this would come from Thomas T. Brewster of St. Louis, head of the scale committee.

Wilson's Cabinet Meets.
President Wilson's cabinet met an hour earlier than usual, so members might be at the union station at noon to greet the Prince of Wales on his arrival from Canada.

The coal strike situation was to be discussed, but officials would not say before the meeting whether the government would volunteer its services to adjust the differences between the miners and operators.

Cabinet members plainly were elated by the news from Indianapolis. "That's fine—they took the proper

PRINCE AT THE CAPITAL

Vice-President Marshall Welcomes Albert Edward to U. S.

CROWDS AT STATION

Cavalry Escort Precedes Royal Visitor and High Officials.

WASHINGTON, Nov. 11.—Albert Edward, Prince of Wales, arrived in Washington today and was welcomed by Vice President Marshall, acting for President Wilson. Reception ceremonies at the union station were informal, although cabinet officers and high officials of the army and navy were gathered to greet the youthful visitor, who will spend three days in the national capital before visiting New York on his way home.

A drizzling rain did not prevent the gathering crowds over the route the prince and his party, preceded by a cavalry escort, passed to the Perry Belmont home reserved for the distinguished visitor. After luncheon the prince was to call on Mrs. Wilson at the White House and it was expected he would see the president in his sick room. Mr. Wilson's physician, Rear Admiral Grayson, having announced that his patient's condition would not prevent the call.

On his way from the station the prince passed the square where the formal exercises in connection with the celebration of Armistice Day were in progress, despite the rain.

Passing through the president's reception room with a score of Red Cross girls in uniform waving greetings, the prince on his arrival stepped out into the concourse where sabers of the cavalry were whipped to salute and the band began the solemn strains of "God Save the King."

The prince and Mr. Marshall entered the latter's car and the swift trip to the Belmont home was begun, the cavalry in the rain-soaked uniforms and the dripping guidons clattering ahead in column. A wave of handclapping and cheering followed the procession as it swept through the streets.

MINERS TO MEET OWNERS

Secretary of Labor to Call Conference Immediately.

PALMER IS PLEASED

Had Confidence That Men Would Do the Right Thing.

WASHINGTON, Nov. 11.—Attorney General Palmer, on leaving the cabinet meeting this morning, made this statement:

"My information is that the miners have submitted to the court the form of an order cancellation and withdrawal of the strike order. The strike order having been withdrawn, therefore, the secretary of labor will today invite the operators and miners to meet immediately in conference to negotiate an adjustment of their controversy."

"I have been assuming at all times that the miners' organization would obey the law when it was called to their attention in the way it has been and I am glad they justified this assumption."

"The way is now open to a settlement by the peaceful processes which should always be employed in settlement of such disputes without injury to the general public."

New Low Records On Money Exchange In New York Market

NEW YORK, Nov. 11.—New low records on English, French and Italian exchange were made today in the local market. A pound sterling brought only \$4.12 for demand bills and an American dollar brought 9.37 francs and 12.32 Italian lire. Heavy offerings of commercial bills on foreign houses which met with little response from buyers caused the decline.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.
